# Our Corporate Policies

## Safety & Health

Whitechapel Integrated Concepts Limited fosters a safe working environment to enhance the wellbeing of her employees and the communities within her areas of operation. This stringent commitment to improving safety standards is demonstrated by the Company Disabling Injury Frequency rate (DIFR). Numerous awards from industry associations have further recognised the Company's outstanding performance in this sphere.

## Environment

Whitechapel Integrated Concepts Limited emphasizes environmental awareness in everything she does. WIC is keenly aware of the impact her operations and projects may have on the environment and, as a result, implement programmes and policies to minimize adverse effects by focusing on construction/Installation methods and materials that allow for a 'greener' project construction process.

SMITH 80

INDUSTRIAL FLOWMETER
